Employee Pending cases	0 case
COVID cases recovered–employee	17 cases

***One skilled resident test came back and was negative. The other 12 outstanding tests are the five positive COVID cases and the 7 other residents on that unit.**

No memo will be published over the weekend – starting next week we will publish memos on Monday, Wednesday, and Friday, unless we have important news that needs to get out right away. Have a wonderful weekend – The Dunwoody Grounds are beautiful so I hope you can get out to enjoy them. Also the Memorial Garden has their annuals planted – it is stunning right now!

Last call for Hearts for Lankeneau Hospital. Please get them to Kathy Barton via mail by June 3, 2020 so that we can get them to the hospital. Thank you for working on this project – I will post a total number made next week. Thanks to Rose Ondo for dropping them off at the hospital for us!

WEARING YOUR MASK

We thank all the of residents and staff for wearing their masks – but please be sure it is covering your nose and mouth – if it is not- then it is not going to help! I see many wearing them on their chin. This is especially important in the hallways in case you have to pass someone. If you need a mask, we are still making them (every time I go to put my machine away, I get another request), so please let me know if you need another one. I plan to make many over the weekend. We are going to need them for some time, unfortunately! Also be sure to wash your mask. Any questions – contact Kathy Barton (610-359-4428 or kbarton@dunwoody.org).
