

November 17, 2022

Yesterday, was the annual Holiday Bazaar, chaired by Lucy Irwin, and hosted by the Dunwoody Village Resident Association. This was the first Dunwoody Bazaar for myself and for many other residents, staff and visitors. The bazaar had been postponed for several years due to the pandemic and construction. It was a “WOW” event and was the culmination of hours, days, and months of hard work on the part of Lucy, the Bazaar committee, our very talented residents and our dedicated Dunwoody staff. The new auditorium was the perfect venue for this event and easily held the crowd of shoppers who were met with a stunning display of handmade one-of-a-kind items, baked goods, floral arrangements, jewelry, plants, attic treasures, silent auction items and raffle baskets. There was something for everyone! Heartfelt thanks to Lucy, the Bazaar committee, our residents and staff and, of course, the shoppers! It was a very successful event, and it exemplified the Dunwoody spirit of warmth, generosity, togetherness, and gratitude. It was the perfect start to the Thanksgiving season.

### **COVID-19**

One Residential resident and 3 Care Center residents tested positive and are on quarantine. One staff member and one subcontractor tested positive; both are at home on isolation.

### **Thanksgiving Day Dining**

The Thanksgiving Day Meal will be held in the Auditorium. Pick up is available on Thanksgiving Day in the Auditorium for residents who will not be dining in. Hours of pickup will be 11:30am – 1:00pm. If you are on the meal plan, you may apply one meal for Thanksgiving. If you are not on the meal plan, the charge is \$21.00. Residents may not use their meal plan for a guest charge on Thanksgiving, nor for any holiday meal; the charge for guests is \$21.

### **Dining Reservations Moving to Full Count**

Beginning November 28<sup>th</sup>, Dining will be accepting dinner reservations **for December** for 1712 through the Full-Count system for every Wednesday and Friday only. Instructions can be found on *Touchtown* under the dining services tab starting November 28<sup>th</sup>.

### **Pets**

Dunwoody is fortunate to have many four-legged friends on our campus; they are welcome inside and out. Residents must pick up after their pets out of respect to our residents, staff and our environment. When walking a pet, residents should be prepared to immediately pick up after their pet. If an accident occurs inside, please pick up/clean up after your pet and then immediately notify the front desk of the location of the accident so that a staff member in Environmental Services can sanitize the area. Thank you for your attention to this matter.

### **Construction**

The lower level of the project is nearing completion. Final finishes and paint are ongoing. The upstairs kitchen area in Phase 2 is being cleaned and inspected. Most of the equipment has been test started as well. Floors and trim are being installed in the lobby and the bar/lounge area. The Memorial Garden Hallway has been reinsulated, and will be closed for several days to hang the drywall. We will share dates of closures when determined.

Best regards,  
Maureen
