I am pleased to share that Brock Nichols has accepted the position of Director of Campus Operations for Dunwoody Village. Brock will join our team on September 18th. He has varied experience which includes Senior Living, real estate and construction/project management. Many thanks to the staff and residents who helped us to select the best candidate for Dunwoody. We look forward to Brock bringing his skill, expertise and enthusiasm to our community. I believe he will be an asset in many ways. I also would like to thank Natalie Alsis, Human Resource Manager, for the manner in which she screened candidates and facilitated the interview process; it was an excellent experience both for the interviewers and the candidates. Also, many thanks to the maintenance, security and grounds teams who continued to provide excellent service during this transition.
