Dear Residents, Staff and Families,

Our campus looks beautiful inside and out and is ready for the winter holidays. We have a Menorah Display in the “J” hallway in the village. There are 14 beautifully decorated Christmas trees within the community areas of Dunwoody. The main lobby, the Care Center entrance, the stairway to Cedar’s, the auditorium, *Hearthside, 1712*, The Hub, Health and Wellness, the “J” hallway and the Care Center Community Room all are home to spectacular Christmas trees, each one with its own special touch. We have many wreaths and our mantels are done with care. Additionally, residents across campus have decorations including wreaths, manger scenes, snow men, Santa Claus’, menorahs, Christmas trees and many other beautiful holiday items on display. Fran Meehan and his team have hung our outdoor lights and cut greens for residents to use. And our fires are burning warm and bright for your enjoyment. We hope that you find peace and joy as you travel through the Dunwoody community enjoying the sights and sounds of the season.
