Dear Residents, Families and Staff:

As you are aware, we continue to experience the 2nd phone outage in several months. Scott and the team have worked hard on a fix; but, because the system is at end of life, the interim fixes have not been successful. As previously shared, we had already engaged a telecommunications consultant and selected a system. We are focused on implementing a change as quickly as possible and do have the cell phone system in place in all areas so that we are still able to communicate by phone and fax. The nursing station phones and temporary cell phones for offices are included in this memo. Resident phones in the Village Apartments, Country Houses, and Penrose Homes are not impacted by this outage.
