

September 13, 2024

Dear Residents, Families and Staff

On Thursday, September 12th, we reopened the Care Center Entrance during the hours of 8:00 AM to 8:00 PM. We also reopened the second driveway to the campus by the School House. At the advice of the local Police Department, we will continue to have the following exterior areas locked at all times to prevent unauthorized access into Dunwoody's buildings:

- Doors 2 & 3
- Memorial Garden
- Apartment Crosswalks

Residents are asked to remind friends and family to make sure they are checking in at the front desk and are issued a name badge upon arrival. Please be sure to alert the front desk if you observe anyone on site that is suspicious or appears to be out of place

Dining

Retro 70s Dinner in Hearthside

Monday, September 16th

5:00 – 6:30 p.m.

Takeout is available

Anniversary Gala Reception

Thursday, September 19th

5:00 p.m. – 6:30 p.m.

No take out available

Anniversary Gala and Parking

We are excited about all of the events scheduled for this coming week, and Thursday's Gala Reception (September 19th) is shaping up to be a wonderful night of celebration. Because we anticipate public officials and other outside guests for the evening, we want to keep Visitor Lot A open. Therefore, we are asking residents to not drive to the community building. Instead, we are providing a shuttle for residents in East and West Country Houses and Penrose. More details will follow early next week.

Marketing Office

The Marketing Office is excited to announce that Madison Abelson will be joining the marketing team as Resident Services Associate, the position previously held by Kayla McFadden. Madison is starting Monday, September 16. She is a graduate of Penn State and comes to us with experience developing programs and activities in senior living environments. Please help us give Madison a warm welcome!

RSV Vaccine Clinic

We will be offering the RSV vaccine on September 27th in the Health and Wellness Department. If you are interested in receiving the vaccine, we need to have your name **by noon on September 16th**. Please call the Health and Wellness Department between 8am and 3:30pm Monday through Friday at 610-359-4417 to have your name added to the list. Phoebe Pharmacy will be administering the vaccine, and they need to verify your insurance prior to administering it to check if the cost is covered. Once we have the complete list of interested residents, we will inform every one of the clinic's time. This is a one-time vaccine; if you've already received it, you are not recommended to receive another dose. We will be providing information on our Influenza vaccine clinic day in future memos.

Pool and Spa

The pool and spa will remain closed through the weekend to allow for further chemical balancing and testing. We plan to open the pool and spa Monday, September 16th, if the balancing evens out over the weekend. Aquatics class will be canceled Monday, September 16th. Thank you for your continued patience.

J-Hall Construction

The clean out and demolition of the Club Room, Board Room, Marketing and Gift Shop will begin on Monday, September 23rd. Construction crews are scheduled to start mobilization on Monday, September 30th. We anticipate a 5-month construction duration completing the project in the first Quarter of 2025. During this time, the Club Room activities will be temporarily relocated to the Terrace Dining Room with Board Room activities being scheduled in various locations (H&W Conference Room, Auditorium, etc.) depending on specific meetings and size of attendance.

Putting Green

The contractor for this Putting Green has been selected and engaged. They are currently working on vendor buyout and final material selections. Construction is expected to start in early October with a six-to-eight-week duration.

Tree Work

Starting on Monday, September 16th, Shreiner Tree Care will be onsite performing routine, annual tree pruning and cleanup. This will involve addressing some safety concerns, general tree health and limbs that are too close to the building. Please be sure not to enter active work zones and please stay clear of any barricaded areas.

Infection Control

No Residential residents are positive for COVID at this time. Three Care Center residents tested positive and are on quarantine. Two staff members are positive and at home on isolation.

Best regards,
Maureen
