Care Center Cocktail Party -- Auditorium

RSV Vaccine Clinic

Health & Wellness will be offering the RSV vaccine on September 27th in the Health and Wellness Department. If you are interested in receiving the vaccine, we need to have your name **by noon on September 16th**. Please call the Health and Wellness Department between 8am and 3:30pm Monday through Friday at 610-359-4417 to have your name added to the list. Phoebe Pharmacy will be administering the vaccine, and they need to verify your insurance prior to administering it to check if the cost is covered. Once we have the list of how many residents are interested, we will inform every one of the clinic's time. This is a one-time vaccine, so if you've already received it, you are not recommended to receive another dose.

Club Room and Board Room Moves

The move of the Club Room and Board Room will be conducted the week of September 23rd. The temporary Club Room space will be in the Terrace Dining area alongside the windows (right side of Terrace). Staff will continue to use the area to the left side of Terrace Dining and the space behind the Terrace which was originally used as Terrace private dining. The Board Room will also move to a temporary space, and we will update everyone as soon as possible. Construction is expected to begin September 30, 2024.

Infection Control

Six Care Center residents tested positive for COVID and are on quarantine. No Residential residents are positive at this time. One staff member is positive and at home on isolation.

Best regards,
Maureen
