The work in the lower-level corridor is progressing well. Ceiling tiles are almost complete. Painting will begin in the Furniture Hall the week of February 3<sup>rd</sup> and floor grinding and preparation will begin near the lower kitchen next week as well. The floor work will be done overnight between the hours of 8:00 PM and 6:00 AM to avoid impacting traffic. There will be times when these areas are blocked off and not accessible for the work to occur and for safety purposes.

### **Infection Control**

There are no Residential nor any Care Center residents who are positive for COVID at this time. One staff member tested positive and is at home on isolation.

Best regards,
